Harrisburg Gets Recognition On TV Networks

LOCAL-NATIONAL: There's a couple of things about TV that I want to bring up for the record. They deal with Harrisburg getting national recognition on the networks.

First, have you noticed that on the Dave Garroway program today, carried from 8 to 9 a. m. each week-day on WSLI-TV, that Harrisburg gets mentioned every day?

Yep, when the temperatures and the weather conditions of principal towns around the nation are given, of Harrisburg, Ill., is right there along with Chicago, New York, Philadelphia, St. Louis, Miami and all the rest.

This has been the case ever since the Harrisburg station has been carrying the program. So the native folk who have moved miles away can easily see how the weather is back home if they'll turn on the Dave Garroway program in the morning.

I DID QUITE a bit of sleuthing trying to find out how the NBC network program gets the Harrisburg temperature and weather conditions. I checked a lot of possibilities and never did find out. Maybe I should write a letter to Dave.

GORDON WILLIAMS of 25 West Baker street was responsible for the other plug for our town.

Gordon, employed at the Stonefort Corporation's Will Scarlett mine, set a world's record for backward skiing when he skied 104 miles (I believe it was) backward on the Ohio river in 1954.

It was on Arthur Godfrey's program from the boat show, where

Dr. D. W. Morris Stresses Need for Water Conservation at Soil Meeting

The annual meeting of the Saline County Soil Conservation District was held Tuesday evening at the Galatia high school.

During the evening the large group in attendance elected a board of directors for the coming year, heard an interesting address by Dr. Delyte W. Morris, president of Southern Illinois university, were introduced to the winners of an essay contest sponsored by the district and heard reports from the district's officers. Dinner was served at 6:30 p. m. in the school cafeteria and the meeting, which followed, was in the gymnasium.

Dr. Morris stressed the state show that records show that the water tables are constantly dropping and urged that everyone practice conservation of our water resources.

Dr. Morris stated that studies of lakes throughout the state show that the lakes are steadily losing their holding capacity due to poor conservation practices. Silting from the lands in the watershed area are filling the lakes.

He cited one particular instance where in 24 years the lake has lost 26 per cent of its water holding capacity. Silting has been so heavy that the lake now has sufficient silt to cover 3,400 acres of land 7 inches in depth.

This is a classic example of poor conservation, both of water and land.

Dr. Morris stated "We are interested in conservation of natural resources to provide a better way of life for ourselves," but he noted that often we fail to practice conservation in dealing with our children and others. "We must get our children in balance with society... conservation of human resources is the most important of those things for which we strive," the speaker declared.

During his address Dr. Morris

revealed there are 239 Saline county students enrolled at SIU, giving Saline county sixth place in the enrollment rating at the school.

James Gates, son of Mr. and Mrs. A. K. Gates, was the county winner in the essay contest sponsored by the Soil district. Gates, HTHS student, received a \$25 bond as the school winner and a \$50 bond as county winner.

School winners received \$25 bonds as follows: Bobby Carter, son of Mr. and Mrs. Herman Carter, Galatia; Robert Mitchell, son of Mr. and Mrs. Arzey Mitchell of Stonefort; Carrier Mills high school; Miss Ruth Ann Thompson, daughter of Mr. and Mrs. Charles R. Thompson, Eldorado.

The awards were presented by C. Raymond Gardner, Saline county superintendent of schools.

Three directors and three associate directors were re-elected to the Board of Directors following their nomination by H. Ward Baker, chairman of the nominating committee.

Directors re-elected were Alva Gholson, Cecil Nelson and Carl Vance. Other members of the board are Paul Halbersleben and Ernie Tate.

Associate directors re-elected were R. L. Morris, Ernie Tate and Lowell Wise.

Next meeting of the district is scheduled for Thursday, Feb. 9, at the city hall in Harrisburg. At that time the board of directors will organize for the coming year.

Mr. Gholson has been president and Mr. Halbersleben secretary-treasurer the past year.

Four Republicans In Primary Race For Congress

Republicans have four candidates in the primary race for congressman from the 25th Congressional district, in which Cong. Kenneth J. Gray of West Frankfort is the lone Democrat seeking nomination, a complete list of filings at Springfield issued by Secretary of State Charles F. Carpenter revealed today.

The Republicans who have filed are Roy O. Guiley of Benton, W. O. Verhines of Vienna, Samuel J. Scott of Metropolis and Ray J. Hawkins of Marion.

Each party has three candidates for election as delegates to their respective presidential nominating conventions.

Democrats who filed are Leroy Barham of Harrisburg, J. Palmer Rea of Benton and Gordon Franklin of Marion. The Republicans are Oldham Paisley of Marion, Judson E. Harris of Du Quoin and Payton H. Kuncie of Murphysboro.

Filing at Springfield for alternate delegates were: Don Scott, Harrisburg, and Lewis H. Dawley, Carbondale, Democrats, and Russell Kibler, Rosiclare, and Judson E. Harris of Du Quoin, Republicans, according to the list released by Carpenter.

Unless there are withdrawals, there's a field of seven in the Republican primary for representative from the 59th district. Seeking the two nominations are Dale H. Sullivan and John H. L. Parish of Harrisburg, Gordon E. Kerr (incumbent) of Brookport, C. L. McCormick of Vienna, Laura C. Colp of Carverville, Thomas J. Throgmorton Jr. of Marion and George C. Trengon of Carverville.

Democrats seeking the nomination are Paul Powell (incumbent) of Vienna and K. Neil Thurmond of Johnston City.

Filings in the Saline county clerk's office reveal the following seeking county offices:

State's Attorney: Democratic—Robert V. Wilson. No Republican.

Circuit Clerk: Democratic—James R. "Jimmy" Burroughs. Republican—Quentin Bowers and Rufus Davidson.

Coroner: Democratic—A. E. "Red" Giles, James Thornton and Dr. James B. Woolard. Republican—Elmer M. Gibbons, Ike Willford and Alonzo Beal.

County school trustees (non political): J. W. Wintizer and Bruce Burnett.

File Condemnation Suit for Right-of-Way

Seeking right-of-way needed for Route 45 improvements between Carrier Mills and Stonefort, the Illinois Department of Public Works and Buildings has filed a condemnation lawsuit in Saline county circuit court.

The suit names a dozen or more defendants owning property along the highway in the area north of Stonefort.

President Will Undergo Tests In Mid-February

Says No Member Of Family Opposes His Running Again

WASHINGTON (AP) — President Eisenhower announced today that he probably will undergo his next important medical examination between Feb. 10 and Feb. 15. He promised not to dilly-dally too long on his decision on whether to seek re-election.

Under news conference questioning, the President said flatly that no member of his family has any objection to his running again.

He was lavish in his praise for Vice President Richard M. Nixon, but said he had not discussed with Nixon what role the vice president would play in the 1956 campaign—whether or not Mr. Eisenhower runs.

In an oblique reply to a question concerning the possible political future of Chief Justice Earl Warren, Mr. Eisenhower used his own personal case as an allegory which suggested that if Warren enters politics, he should resign from the Supreme Court.

Other news highlights at Mr. Eisenhower's second meeting with reporters in Washington since his heart attack:

1. He would like to see the great principles and policies governing this country's conduct of foreign affairs removed from politics. Foreign nations then would not fear an abrupt change of policy in event of a change in the executive branch of government in this country.

2. He wished the school construction bill could be considered on its own merits rather than having it slowed down by a rider withholding federal funds from areas where segregated schools are operated.

3. He ruled out consideration of a tax cut in the current fiscal year—which ends June 30—because the anticipated budgetary surplus is too slim.

4. He came out again strongly for his long-term foreign aid program, as being in the nation's best interests.

Three Arrested For Area Jewelry Store Robberies

BENTON, Ill. (AP)—Franklin county officials said today three recent southern Illinois jewelry store robberies have been solved by the arrest of three persons.

State police arrested George Popham, 22, of Ziegler, his 17-year-old wife, Shirley, and a friend of Popham, Willie Schlecht, 22, of Niobrara, Neb., Tuesday.

They were charged with armed robbery and were to be arraigned in Benton today.

State's Atty. Joseph Hickman said Popham confessed two jewelry store holdups—one in Marion that netted \$25 and four watches, and the other in West Frankfort where \$316 was taken. Popham also confessed robbing a tavern in Colp of \$150, Hickman said.

Mrs. Popham is accused of robbing the jewelry store of E. L. Douglas in Christopher Tuesday. She was identified as the gunman who took \$108 and two diamond rings worth \$100.

Kate Smith Cancels Public Singing After Manager Stricken with Heart Attack

NEW YORK (AP)—Kate Smith, the "Songbird of the South," said today she will never again appear in public unless her long-time manager, Ted Collins, recovers from an unusually severe heart attack.

Miss Smith, who once had a radio audience estimated at 15 million listeners, cancelled plans to appear on five Ed Sullivan television programs when Collins was stricken with a coronary thrombosis Jan. 14. His illness was not disclosed until Tuesday because of "business reasons."

Doctors said Collins was under an oxygen tent at Doctors hospital and would be on the critical list for several weeks.

Miss Smith said she would make

Four Southern Governors Agree to Challenge Supreme Court Authority

RICHMOND, Va. (AP) — Four Southern governors spurred legislatures of their states today to challenge the authority of the U. S. Supreme Court to order mixed schools.

By informal agreement at a conference Tuesday the governors adopted the strongest stand yet taken in the rising crisis over school segregation across the Deep South.

They decided to ask their legislatures, which now are in session, to invoke the doctrine of "interposition," a word used in the past to describe a state's protest against alleged federal government encroachment.

Govs. Thomas B. Stanley of Virginia, Marvin Griffin of Georgia, H. P. Coleman of Mississippi and George B. Timmerman Jr. of South Carolina issued their personal challenges of the court's authority.

Joint Statement Issued "The states have not delegated to the federal government or any agency thereof the power to prohibit the segregation of the races in the public schools," they said in a joint statement.

"Therefore," they said, "we shall recommend to the legislatures of our respective states that the following action be taken:"

1. That the state legislatures by resolution formally "interpose" the sovereign power of the states against "the encroachment of the central government."
2. That they ask Congress to take such action as it can to "protect the states and the people against present and future encroachment."
3. That each state enact laws or adopt other legal measures to "protect its sovereignty and the rights of its people."

Challenge of Court Authority The first step, "interposition," marked a turn from evading the Supreme Court through "private school plans" and other means to an outright challenge of the court's authority.

At present it is only an abstract doctrine which the governors and other segregation leaders have hailed as an "unwritten law." Although invoked by various states in challenging the federal government in the past its force has never been effectively tested.

Chicago Police Round Up Teen-Age Offenders After Fatal Stabbing

CHICAGO (AP) — A fatal stabbing capped a week of shocking "wolf gang" attacks Tuesday night and police ordered the pickup of every Chicago teen-ager with a police record.

The unprecedented roundup was touched off by the murder of William McNeff, 20, on a west side sidewalk.

Four youths jumped McNeff and a friend at the entrance of a restaurant. While McNeff pleaded "for God's sake, don't use that blade," one of the toughs plunged a 12-inch switchblade knife into his heart.

The killing was the latest in a series of "wolf gang" attacks which have shocked Chicago in the past week.

On Sunday night, a gang of teen-agers pulled a semi-pro football player, 18-year old Donald Stevens, from his car and beat him unmercifully with a wrench. The same gang swaggered along south-west side streets that night, "jumping anybody who came along," police said.

Youths Club Teacher

Last week, two 16-year olds clubbed a teacher into unconsciousness in an elementary school corridor.

Hours after the McNeff murder Deputy Uniformed Police Chief Robert Ryan ordered the mass pickup of teen-agers.

"Bring 'em in as fast as you can find 'em on the streets," he told his men. "I'm putting an end to this terrible situation right now."

Roundups of known criminals are routine in Chicago police annals. But this was the first time that a blanket pickup order had been issued for juvenile offenders.

Practically all the persons involved in the McNeff knifing, including the victim, were graduates of the city's jails.

Both McNeff and his companion, 20-year old John Gahier, had spent time in County Jail. Gahier said

they were getting out of McNeff's car when the "wolf pack" blocked them.

Three members of the gang pinned Gahier's arms and the fourth, identified as 19-year old Robert Hoffman, led McNeff about 20 feet away.

Gahier said he heard McNeff's cry, saw a struggle, and then his friend slumped to the pavement.

Hoffman ran back, shouting to Gahier "if the cops come and I go to jail for this, you'll get it, too," Gahier said.

McNeff was dead on arrival at a hospital. Gahier said he understood there was "bad blood" between McNeff and Hoffman, also an ex-jail inmate.

Mothers Will March on Polio Monday Night

Nine volunteers today were named district captains for the 1956 Mothers' March on Polio as plans for the annual fund-raising appeal took final shape.

The appointments were announced by Mrs. Ed Brantley, county chairman of the Mothers' March. The March will take place Monday, Jan. 30, from 4:30 to 5:30 p. m. will climax the 1956 March of Dimes campaign.

During the March, mothers in every corner of the county will visit their neighbors to accept contributions to aid the fight against polio. Home owners will signify their desire to contribute by lighting their porches or by leaving a light in the front window.

Anyone who wishes to take part in the March is urged to get in touch with their district captains as soon as possible.

Following is a list of captains appointed to lead the March: Mrs. Paul Tanner, Otis Hickey, Mrs. David Cox, Mrs. George Smith, Charles Lamar, Mrs. Pat Shelton, Mrs. Kenneth Roberts, Mrs. Willie Robertson and Mrs. Ethel Roland. The captains will canvass Harrisburg, Gaskins City, Dorris Heights, Dorrisville, Liberty and Wilmoth Addition.

Approximately 200 women will participate in the Mothers' March. Galatia community also will sponsor its drive at this time with Mrs. Alfred Smith as chairman.

The drive will be launched by the fire truck, police car and ambulances from each funeral home in Harrisburg covering every street in this area and blowing their sirens. R. C. "Stopper" Adams, Harrisburg, chairman, will be in charge of launching the campaign.

Second Snow Hits Area Within Week

The second snow to hit the area in less than a week began falling lightly shortly before ten o'clock last night and this morning there was approximately an inch and a half of new snow on the ground.

Much of last week's snow still covered the region.

Today's snow made streets and highways very slippery. Cars were slipping especially at street intersections.

Delivered by Soviet Envoy Georgi Zarubin

Contains Ideas in Interest of World Peace, Hagerty Says

WASHINGTON (AP) — President Eisenhower today received from Soviet Premier Nikolai Bulganin what the White House described as a "friendly letter" putting forth "certain ideas... in the interest of promoting world peace."

The letter was delivered personally to the President by Russian Ambassador Georgi N. Zarubin in a 15-minute audience at the White House.

Shortly afterward, White House Press Secretary James C. Hagerty issued this statement:

"Intermittently since the Geneva conference, the President and Premier Bulganin have been exchanging correspondence."

"The Soviet ambassador this morning brought in a friendly letter containing certain ideas which the premier asked the President to study further in the interests of promoting world peace."

Zarubin himself refused to tell reporters what the letter said.

"I cannot say; I cannot say," he told them as he left the White House.

Just before receiving the message, Mr. Eisenhower declared at a news conference that the United States and its Allies must remain strong in the absence of desired progress on world disarmament. He emphasized that disarmament moves are going to be slow and tortuous.

This was the third communication between Mr. Eisenhower and Bulganin on peace since they met at Geneva last July during the summit conference. It was there that Mr. Eisenhower proposed his "open sky" arms inspection plan.

The first communication on the subject was a letter from Bulganin dated last Sept. 19 in which the Soviet premier threw cold water on the President's plan. Mr. Eisenhower, following his Sept. 24 attack, replied Oct. 11 in a brief message saying a fuller reply required preliminary work by his advisers.

Hagerty gave this account of the meeting:

Secretary of State John Foster Dulles was waiting in the President's office with Mr. Eisenhower when John F. Simmons, State Department chief of protocol, escorted the Russian ambassador into the room.

The group was joined by Alexander Logofet, a State Department interpreter. With the introductory

New Members Installed by Kiwanis Club

Eight new members of the Kiwanis club were installed last night at the Masonic temple with Loy Barger, a past lieutenant governor, in charge of the installation program.

New members installed were Ed Brantley, Donald Darnell, Charles Dillon, Jake Humphrey, Rev. William Burroughs, Fred Bramlet, Charles Braden and Joe Hollingsworth. Hollingsworth, Rev. Burroughs and Braden were introduced as new members at last night's meeting and the others have been recent additions to the club.

Guests at last night's meeting were Charles Shingler, Arthur L. Debes, guest of his father, Arthur M. Debes, and Kenneth Harthun of Springfield, guest of Robert Rushing.

Boo Burnett was awarded the attendance prize for the meeting.

Mrs. Opal Catlin, who spent a year and a half in Hawaii, another year in Samoa and six months in Alaska as a nurse, showed colored film slides of the three places which she had taken while there.

The beautiful slides showed scenery and people of the three places and were enjoyed by the club members and guests.

Eugene Morris was in charge of the program.

Ronnie Doerge, president, announced the board of directors would meet Monday at 6 p. m. at Schnierle's cafe.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
GOP-ers Grasp At Any Hope
Of Ike's Running; Arizona
Senators Make Bipartisan
Pact; Civil-Rights Congress-
men Guard Secrecy.

WASHINGTON. — Despite Pres-
ident Eisenhower's statement that
his health never would permit him
to be as vigorous as before, Re-
publican congressional leaders
continue to be optimistic that he
will run again.

What they base their optimism
on is a bit hazy. But one clue
they cite is one of their own re-
cent meetings with the President
at which he made this quip about
running again:

"I've just been given a new reas-
on why I should run again," the
President said.

Continuing, he said that some-
one had told him that if he could
not run in November then he
should resign now.

Republican leaders who were
present jumped at the conclusion
that if Ike was physically able to
continue in office until November,
he would be physically able to re-
main in office thereafter.

UNDER THE DOME

The two senators from Arizona,
Democrat Carl Hayden and Re-
publican Barry Goldwater, have
made a secret deal to help each
other get elected. The deal was
put across by Hayden's adminis-
trative assistant, Darrel St. Claire.

It provides that Goldwater will
give only token support to the
GOP candidate against Hayden
this year and Hayden will give
only token support to the Demo-
cratic candidate against Goldwater.

This is a big break for
Goldwater. Nobody could defeat
Hayden, but Goldwater is in dan-
ger. Sen. Prescott Bush, Re-
publican of Connecticut, is also in
danger.

He is bug-eyed for fear
Gov. Abe Ribicoff of Connecticut
will run against him, even wants
Ribicoff appointed to the Supreme
Court—if there is a vacancy. So
far there isn't. Ike is slow at
learning the great game of politics.

He has appointed Dr. Donald
Bridges, brother of the sometimes
critical GOP senator from New
Hampshire, Styles Bridges, as
head of the Religious Section of
the U. S. Information Agency.

Senator Bridges has been a con-
stant meat-axer of USA funds.
With his brother on the payroll

maybe Styles will be more toler-
ant.

CIVIL-RIGHTS SECRECY

Senator Douglas of Illinois has
withdrawn his threat to attach an
anti-lynching rider to the natural
gas bill. The Senate parliament-
arians warn him that any civil-
rights amendments would be
thrown out as not germane to the
natural gas bill. The little bloc of
civil-rights congressmen is get-
ting more secret about its back-
stage huddles than Ike was about
Dixon-Yates. Those who met in
Congressman Hugh Scott's office
to discuss an anti-lynching bill re-
cently were Jimmy Roosevelt;
Charlie Diggs, Negro congress-
man from Detroit; John Dingell,
newly elected Democrat from De-
troit; and Dick Bolling, Kansas
City Democrat; also the following
Republicans: Tom Pelly (Wash.),
John Heselton (Mass.), plus Scott.
Their guarded statements after-
wards sounded as if they had been
discussing the latest secret guided
missile. Worst diehard opposing
any civil-rights legislation is
Congressman Forrester of Geor-
gia who holds a key spot on the
Judiciary committee. Two
NAACP workers, Lamar Smith
and G. W. Lee, were killed in Mis-
sissippi while getting Negroes re-
gistered to vote. A third was seri-
ously wounded.

ICE CARNIVAL

Rivalry between the supposedly
united Army, Navy and Air Force
now has extended to the St. Paul
ice carnival. Navy daredevils are
planning to steal the show from
Air Force daredevils at the ice
carnival January 29.

Carnival officials originally asked
the Air Force Thunder Jets, an
aerial acrobatic team, to demon-
strate precision flying during the
carnival. But though the Air
Force wanted to cooperate, high-
er-ups in the Defense Department
turned the invitation down. Mean-
while, the Navy's daredevil team,
the Blue Angels, didn't bother to
ask the Defense Department for
permission, but went ahead and
agreed to stage aerial acrobatics
for the ice carnival.

Since the Blue Angels had al-
ready accepted the Defense De-
partment gave them official per-
mission to go ahead. As a result,
the Air Force stunt fliers will be
grounded while the Navy's Blue
Angels perform.

WASHINGTON PIPELINE

Since Secretary Dulles has called
U. S. Ambassador Byroade
back from Egypt to advise on the
Near East during the Eden-Eisen-
hower conference, he might also
call back Edward B. Lawson, am-
bassador to Israel. Byroade is
considered very pro-Arab. Lawson
is friendly to Israel. The Eden
conference should have a balanced
picture. Senators Knowland,
Bridges, et al, the right-wing Re-
publicans, are getting some handy
ammunition against foreign aid
from the General Accounting Of-
fice. GAO has done a country-by-
country survey of foreign aid and
come up with evidence of some
minor mismanagement. Eisen-
hower opponents in the Senate in-
tend to use these in their battle
against foreign aid. General
Ridgway ain't said nothin' yet. His
next installment in the Saturday

Evening Post really lets Secre-
tary of Defense Wilson have it.

The Democrats have coined
a new slogan for the Republicans
who boast they are the party of
Abraham Lincoln. The Democrats
now call them "the party of Lin-
coln — and Cadillac." Adlai
Stevenson has been advised by
Sen. Lyndon Johnson and Speaker
Sam Rayburn to stay out of the
natural gas fight. It looks as if
he is following that advice. A
move has developed in the Air
Force to reverse the trial of Gen.
Billy Mitchell, father of the Air
Force. Under military procedure
it's possible for any court martial
to be corrected if it can be proved
an injustice was done. Cer-
tainly this was the case with Billy
Mitchell. One event in his
career Gen. Douglas MacArthur
would like to forget is that he served
on the Billy Mitchell court mar-
tial and voted against him.

Mt. Pleasant Usher Board
Holds January Meeting

The Usher Board of the Mt.
Pleasant Baptist church met Mon-
day evening with Mrs. Nellie Ad-
ams as hostess.

The meeting opened with the

Committee Okays
Plan to Exempt
Farm Gas from Tax

WASHINGTON — The House Ways and Means Committee today unanimously approved President Eisenhower's proposal that gasoline used on farms be exempted from the 2-cent-a-gallon federal tax.

It was the first congressional action on the nine-point farm program outlined by President Eisenhower Jan. 9.

The House by unanimous consent agreed to take the measure up Monday. Under this procedure, a two-thirds vote is required for passage and no changes can be offered.

The administration has estimated that farmers will save—and the Treasury will lose—60 million dollars a year as a result of the exemption.

The legislation will require farmers to pay the tax when they buy gasoline or other motor fuels, but they will be eligible for refunds once a year on the portion used on the farm for farming purposes.

Farmers who make fraudulent refund claims will be subject to a penalty of \$10 or double the refund, whichever is greater, in addition to any criminal penalties.

DEMOCRATIC HOPEFULS: Kefauver Sheds Coonskin Cap; Puts More Dignity In Presidential Campaign

Editors Note: This is the second of four dispatches on the 1956 Democratic presidential hopefuls.

By LYLE C. WILSON
United Press Staff Correspondent
WASHINGTON — Sen. Estes Kefauver has shed his coonskin cap. With more dignity, if less sure-fire publicity, he is campaigning again for the Democratic presidential nomination.

Kefauver is 52. He was graduated in 1948 from the House to the U. S. Senate. He was re-elected in 1954.

The senator zoomed to national popularity months before the 1952 Democratic national convention on public interest aroused by his televised investigation of organized crime. He led the field on the first two convention ballots and would probably have been nominated but for the outraged opposition of his party leader.

Kefauver had offended by opposing and defeating President Truman in New Hampshire's 1952 presidential primary. He took his TV show into Chicago, spotlighted a policeman whose bank balance seemed over-large and contributed thereby to the defeat of Democratic Sen. Scott Lucas.

The Chips are Down
Mr. Truman licked Kefauver with Gov. Adlai Stevenson of Illinois four years ago. Mr. T. says he has no favorite this time, and Kefauver reports they have made up, if not kissed.

Kefauver is beset on his home grounds. A truce with Democratic Gov. Frank G. Clements has come apart. The governor's political associates now are talking of pleg-

ing to Clement Tennessee's national convention delegation. That would seriously weaken Kefauver's position.

The significant thing about Kefauver's candidacy this year is that he is forcing the pace. He announced his candidacy Dec. 15, shortly after Stevenson. Kefauver has signed up for primary elections in Florida, California, New Hampshire and Wisconsin. He is looking Minnesota over, although the Farmer Labor-Democratic organization there is stacked for Stevenson.

But he will meet Stevenson in Florida and California in any event—a man-to-man combat of Kefauver's own choosing. So the chips are down in both states. Stevenson is the front-runner and stands to suffer most from defeat. If Kefauver could beat Stevenson in both states, the chances of the man from Illinois would shrink substantially.

Stevenson and Kefauver each publicly welcomed the other into the pre-convention campaign. The fact is, they are political poison to one another and each knows it. But for Kefauver, Stevenson might have passed up the primaries altogether. It seems that he would have liked it that way.

The senator has some advantage in the possibility that the party opposed to him now as four years ago. If there was an unbossed candidate who was the people's choice at the 1952 Democratic convention, Kefauver was the man. He had boisterous rank and file support, especially among younger Democrats. However, if the party leaders are not actively organizing against him this year, neither are they in love with the tall man from Tennessee.

Kefauver is a big man, fit for pro basketball. He isn't handsome but he almost can match Ike's campaign smile. Women always are aware of it when Kefauver enters a room. He likes people close up, doesn't flinch at patting an infant, damp or dry. The senator has a lot more of the common touch than do his principal opponents, Stevenson and New York's Gov. Averell Harriman. They are city folks. Kefauver plays the country boy role and does it well.

Three Arrested By FBI, White County Officers

Three young men wanted in New Mexico on a state warrant charging armed robbery at Farmington Jan. 17 were arrested yesterday in the Carmi area by FBI agents and White county officers on the federal charge of unlawful flight to a old prosecution.

Announcement of the arrests was made by W. H. Williams, special agent in charge of the Springfield

district of the Federal Bureau of Investigation.

Arrested were Stanley R. Stephens, 19, Grayville Route 1; Donald Lee Campbell, 18, Mehan, Okla.; and Maurice G. Frazier, 23, of Carmi.

The federal warrants were issued Jan. 18 at Albuquerque, N. M., after federal authorities were certain the trio had left New Mexico when the state charge involving them with the Farmington, N. M., robbery was filed.

The three are held in the White county jail. It was stated that disposition of the federal charges depends on the prosecution by the

were trapped on the second floor of the two story dwelling. Their mother, their foster-father and a 4-months-old baby escaped.

Douglas Nears End of Debate Against Gas Bill

WASHINGTON — Sen. Paul H. Douglas, the college professor turned politician, today neared the end of a prolonged lecture to the Senate against the natural gas bill.

The Illinois Democrat carried his talk against the bill into its fourth day even though most of the Senate was "cutting class" on him. He expected to wind up his speech today.

As he did at the beginning, Douglas at the end hammered away at the theme that passage of the bill would "gouge" gas consumers of hundreds of millions of dollars in increased gas rates. The bill would exempt independent natural gas producers from direct federal price control.

In his marathon speech Douglas has given a markedly inattentive Senate a detailed study of the multi-billion-dollar natural gas industry, such as only an economics professor would present.

The senator privately describes it as probably one of the most definitive studies ever made of the industry. The 200-page, 50,000-word speech is the product of months of research by Douglas and his staff.

Douglas at times seemed dismayed by the fact that only a few senators at any one point have been on the floor to hear him speak. But six hours a day he talked away, most of the time in a low monotone, sometimes rising to an oratorical crescendo as he reached a conclusive point.

The barrel-chested, silver-haired Douglas occasionally wearied and leaned on the arm of his chair for rest. It was a violation of Senate rules, but nobody thought of calling him on the point. Some times other senators broke in for questions, touching off a round-robin of arguments.

"I speak for the 21 million American families and for approximately 80 million Americans who consume gas," Douglas said in his speech today.

He said passage of the bill would impose an "unreasonable price increase" on the consumers — as much as 900 million dollars annually.

Paul Amen Named Head Football Coach At Wake Forest College

WINSTON-SALEM, N. C. (AP)—Paul Amen buckled down to work today as new head football coach at Wake Forest College. The Executive Committee of the Board of Trustees of the Baptist school appointed the 39-year-old former West Point assistant Tuesday to replace Tom Rogers.

Amen was recommended for the post by the Wake Forest Athletic Council which selected him from among some 60 candidates. He had been the leading candidate for the job after Stan Galloway of South-eastern Louisiana College and Wade Walker, an assistant at Mississippi State, withdrew. The trustees did not reveal Amen's salary but it was believed slightly in excess of the \$9,000 a year he received as an assistant to Earl Blaik at West Point.

Shawneetown Wins 20th Victory; Carmi Trounces Albion in Overtimes

By United Press
Unbeaten Shawneetown won its 20th game of the season, Carmi again trounced Albion and Lincoln narrowly missed being upset by Bloomington in Illinois high school basketball Tuesday night.

Shawneetown, ranked 12th and the only major unbeaten quintet in the state, centered past Enfield 82-64. The Indians will be overwhelming favorites to take their next seven games and finish the regular season with a 28-0 mark. Carmi won the rubber game against Albion Edwards 55-33 in a double overtime thriller. Carmi had won by 10 points and Albion by 9 points in two previous tournament games between the two clubs. Albion now has lost twice in 17 games and both times to Carmi. The Bulldogs have a 13-4 record after Tuesday night's game.

Bloomington, so far pretty much of a doormat in the Big 12 Conference, pushed Lincoln (14-2) into

Big West Pro Squad Defeats East, 108-94

ROCHESTER, N. Y. (AP)—Charley Eckman is a fun-loving former referee who loves to poke jokes at his own "genius" as a basketball coach, but it was some of his slick strategy that paved the way to the West's upset win in the National Basketball Assn. all-star game.

The West rallied from an early 14-point deficit Tuesday night to trounce the East, 108-94, for only its second victory in the six-year series.

One reason the East had been favored to win was that Coach Eckman apparently had been "short - changed" when provided with a squad that didn't include enough of those short, playmaking swifties. But the big reason the West won was that Eckman made great use of his big men.

With Neil Johnston of Philadelphia showing the way, the East raced to a 19-5 opening lead and that's when Eckman made his move. He put four of his giants onto the floor at once and the character of the game changed at once. The big men started grabbing rebounds off both boards and the East's brilliant little men, like Bob Cousy of Boston, just didn't get the ball to score with. The West fought back to a 36-34 lead, was on top by 43-40 at halftime, and blew the game open in the third quarter with 41 points.

Six-nine Bob Pettit was both top scorer and rebounder for the West and quite properly was voted the game's "outstanding player." He tallied 20 points to top marksman on both teams and nabbed 24 rebounds.

The rebound figures tell the tale — West 79, East 49. In fact, the East total was surpassed by just three of the West players—Pettit with 24, Maurice Stokes of Rochester with 16, and Clyde Lovellette with 10.

Thompsonville defeated Christopher Tuesday night 64-61. The game was played at Christopher. Thompsonville led at the half 34-30 after trailing by a point, 17-16 after a quarter of play. At the end of three quarters Thompsonville was on top 44-39 and went on to take the win 64-61.

High scorers for Thompsonville —Hogsdon 20, Doss and March 12 each; for Christopher — Clark 14, and Derrman 12.

Cardinals Cut Number of Night Games

CINCINNATI (AP)—The National League's first "nine city" pennant race featured a schedule today of 250 night games including 45 at Philadelphia, 43 at St. Louis, and six at Jersey City where the Dodgers will play part of their games in 1956.

The night game total, though extremely high, was exactly the same as the number scheduled for last year, despite a reduction of 13 games by the Cardinals, who went all out and tried to fit in 56 after dark encounters in 1955.

Although the Cardinals reduced their total, four other clubs posted increases. The Dodgers went up five games to a total of 35 in the night department. Milwaukee added three for a 35 total, Pittsburgh added three more to make it 28, Cincinnati added one for a total of 37, and the Giants went up one from 20 to 21. The Phils, who now lead the league in night games with the Cardinal decrease in effect, have the same total of 45 as they had a year ago. The Cubs, of course, have no night games, remaining the only team in organized baseball without lights in their park.

The weekday afternoon game, once the backbone of the entire schedule, is a forgotten tradition at Philadelphia and St. Louis where none are scheduled from Monday through Friday, excepting holidays. By contrast, the Cubs will play 42 weekday afternoon games.

The Cardinals, to make up for a number of the night games which they had scheduled in the past, are going strong for Sunday double headers and posted a total of nine. The Cubs also offered nine twin attractions on Sunday and the Redlegs, Phillies, and Pirates posted eight each. Brooklyn had six, the Giants five and the Braves three.

The season opens on April 17 with St. Louis at Cincinnati, Philadelphia at Brooklyn, Pittsburgh at New York, and Chicago at Milwaukee. On April 19 the Dodgers begin the Jersey City phase of their schedule, also against the Phils.

The secondary openers on April 20 find New York at Philadelphia in a night game, Brooklyn at Pittsburgh, Cincinnati at Chicago, and Milwaukee at St. Louis, also at night.

Third Annual Saline County Cage Tourney Friday and Saturday

Four High School Teams Will Play At Davenport Gym

Partisans will converge on Davenport sym from the northeast, the southwest and the northwest, as well as from Harrisburg Friday night for the opening round of the Third Annual Saline County Basketball tournament.

This is one of the most spirited—if not the most spirited—athletic event that occurs in Saline county, because all of the four competing high schools are close together and the rivalry is hot.

Schools competing will be Eldorado from the northeast, Carrier

Mills from the southwest, Galatia from the northwest, and the host school, Harrisburg.

Rollins Leading Scorer

There is no odds-on clinch to win the meet this year—but if a favorite had to be named it would have to be Carrier Mills on the strength of big Oliver Rollins being a Wildcat. The husky senior is the leading scorer of the area, this year and has made 2,121 points in his high school cage career to date. So people who attend will be seeing one of the outstanding prep players of the game when Carrier Mills goes into action.

Rollins as a junior last year set the scoring record for the Saline county meet. Carrier Mills has the best record of all the teams going into the meet, having won 10 and lost five. Eldorado has an 8-5 mark, Galatia 9-7 and Harrisburg a mark of 2-13. In earlier games, both Carrier Mills and Eldorado have beaten Galatia and Harrisburg.

Blind Draw Airlair

Carrier Mills beat Galatia, 77-70, and swamped Harrisburg, 100-49. Eldorado beat Galatia, 59-49, and nosed out Harrisburg, 52-50, in a double overtime. Carrier Mills and Eldorado have not met.

However, to show that anything might happen in the tourney, Harrisburg beat Johnston City, 64-62, and the Indians defeated Carrier Mills, 73-69, and Eldorado, 53-37.

Nobody knows yet who will play the two Friday night games. The meet is a "blind draw" affair with the pairings to be made one hour before the first game, scheduled to start at 7 p. m. All teams will play the first night, the second game starting at 8:30.

Saturday night the two first night losers will play at 7 p. m. for third place. This contest will be followed by the championship tilt at 8:30 between the two first night winners.

Raleigh, Carrier Mills Win Opening Games Of Midget Loop Tourney

Raleigh defeated Dorrisville, 31-22, and Carrier Mills trounced Broughton, 67-44, in opening round games of the Midget conference basketball tournament played last night at Carrier Mills.

Tonight Raleigh will play Galatia in the first game and Carrier Mills meets Muddy in the second tilt.

Scoring was as follows in the Raleigh-Dorrisville game: Raleigh—Raleigh—10-9-5-7—31; Dorrisville—3-10-2-7—22. Individual scoring: Raleigh—Wesley 6, Grisham 9, Barger 3, Oglesby 3, Cantrell 16; Dorrisville—Cline 6, Lyon 1, York 8, Carnett 6, Price 4.

Carrier Mills — 13-23-20-11—67; Broughton—6-10-11-17—44. Individual scoring: Carrier Mills — Taborn 34, Shaw 18, VanHoy 4, Green 2, Williams 7, Fitts 0, Shelton 2, Holmes 0, Prather 0, Overstreet 0; Broughton—Barker 5, M. Cantrell 4, Prince 15, Allen 16, Owen 4.

Search for Killer Irvin Spreads to N. Y.

PRINCETON, Ind. — The search for mass killer Leslie Irvin, 31, who escaped from an Indiana jail a week ago tonight, swung from the West to New York today.

A letter dated Jan. 22 and postmarked Brooklyn, N. Y., was signed with Irvin's name and mailed to Mrs. Ruth Patton, a St. Louis hotel waitress. She told authorities last week she saw Irvin in the coffee shop where she works.

The letter quoted Irvin as saying "I have no intention of killing you" because Mrs. Patton "delayed telling police about seeing me for 12 hours." But it added:

"There are many other people who I intend to kill."

A city official in Evansville, Ind., where Irvin was arrested last spring in six slayings in Indiana and Kentucky, saw the letter reproduced on a United Press facsimile printer and said he believed it was Irvin's handwriting.

City controller Paul Padgett, who is considered a handwriting expert with experience in criminal trials, checked the letter against samples of Irvin's writing on file in the Evansville police department and said "I believe it's the same man."

Earlier, police believed Irvin might stage a robbery soon to finance his freedom. They feared he may kill again in his "Chinese execution" style if he robs.

Indiana state police said they had no idea where the 31-year-old gunman is or where he might strike next.

The trail of the killer ended at Mount Carmel, Ill., where he

Clarence Dills, 55, Former Resident, Dies in Michigan

Clarence Dills, 55, former resident of Harrisburg, died in St. Joseph's hospital in Pontiac, Mich., last night at 8:15. He had been seriously ill for the past seven weeks.

He worked at General Motors in Pontiac.

Mr. Dills was the son of the late John and Ellen Dills and was born in Providence, Ky. He was married to the former Dollie Flemming.

Besides his wife, Dollie, he leaves five daughters: Mrs. Charles (Margie) Powell, Mrs. Clifford (Ellen) Pankey, and Mrs. Herman (Dorothy) Shaw, all of Pontiac, Mich., and two daughters, Delores and Alberta, at home; eight grandchildren; three sisters, Mrs. Bessie Morse and Berta Dills both of Harrisburg, and Mrs. Curtis (Lou) Long, Eldorado, and one brother, Dory Dills, Clay, Ky.

A son, Bobby Gene, was fatally injured in an accident at Ledford a few years ago.

The body is being returned to Harrisburg by the Gaskins funeral service and will arrive late Thursday afternoon.

Charles E. Duryea claimed he operated the first successful American automobile in Springfield, Mass., April 19, 1892.

mailed a letter and probably stole a car. The Mount Carmel episodes occurred a day after he broke from the "escape proof" county jail here last Wednesday using keys he fashioned from tin foil and cardboard.

Irvin has been reported seen in Indiana, Illinois, Michigan, Missouri, Ohio, Kentucky, New Mexico and Nevada since his escape but police said they have no proof that any of the reports are authentic.

Band Leader Linked to Oil Drilling Scheme

DANVILLE, Ill. — An insurance company president and a nationally known band leader were among investors in an oil well drilling scheme that poured more than 2½ million dollars down dry holes, federal authorities disclosed today.

The U. S. district attorney's office said defendants in the oil fraud case, Homer Snowden, Austin, Tex., and an accomplice will be arraigned here as soon as the accomplice is arrested.

The indictments charged sales of unregistered shares in oil drilling leases and the making of fraudulent promises to investors.

The U. S. district attorney's office confirmed that a nationally known band leader, unnamed in the indictment, became a business partner with Snowden, then helped promote Snowden's investment schemes.

The band leader met Snowden during a playing engagement, then told Wisconsin resort owner Ralph Braden, Lake Geneva, of the Snowden ventures. Braden, in turn, carried the news of the "can't lose" plan to Illinois investors. The indictment in naming Braden points out he was also an unwitting investor.

Investors in the oil drilling ventures of Snowden and his accomplice may have numbered as high as 100 Illinoisans, mostly from Chicago, Champaign, Kankakee and Tuscola.

The insurance company president, whose firm has headquarters in Chicago, may have invested as much as \$750,000 in Snowden's promises and finally forced Snowden to set up an oil well corporation which promised flooded investors some return on their money.

But Asst. U. S. Atty. John Morton Jones said this return could be as low as 8 per cent of investment. One of the investors said if the present rate of return from the corporation continues, however, investors might get their money back in 15 years.

Eldorado Girl Grabbed in Second Purse Snatching

ELDORADO, Ill. — Second purse snatching incident in three nights occurred about 2:30 p. m. Monday when Joan Brown, 13-year-old daughter of Mr. and Mrs. Garland Brown, was grabbed by a man as he went out the back door of her home.

She described the man to Chief of Police James Johnston as being about six feet tall, about 35 years old, and wearing a brown overcoat. He wore a handkerchief or scarf over his face, she said.

She told Johnston that as she went out the door the man said to her "Come here and don't make a sound." She said he tied her hands and feet, reached into her pocket and took her billfold. He then fled. The billfold was found later by the police.

Last Saturday night Linda Sisk, 15, and a girl companion were accosted by a man by the same description. Her billfold was grabbed while walking on Dewey street just east of the L. & N. tracks, she reported.

Snow, Blisters Handicap Marine Walker for Polio

MARION, Ill. (U.P.) — A Marine marching through four southern Illinois counties for the March of Dimes had two handicaps today—a two-inch snowfall and blisters.

Sgt. Phillip Hobbs was in the third day of his 100-mile hike for the polio fund. He planned to walk today from Marion to Johnston City to West Frankfort.

A two-inch snowfall fell during the night making highways slippery. And Hobbs developed blisters in two days of marching under full pack and rifle.

However, he refused to let bad weather or blisters stop him. He said he is out to raise as much money as possible for the polio fund.

His efforts prompted at least \$750 worth of donations from Murphysboro to Herrin.

Collections from Herrin to Marion still are to be announced.

Safety Belts Aid Motorist

MOUNT CARMEL, Ill. (U.P.) — A Mount Carmel motorist is glad today he had safety belts installed in his car.

PREMIUM USERS

Buy detergent Ashland Ethyl, a must for all late model cars. Reason: today's high compression engines demand an Ethyl gasoline. Ashland Ethyl is not only detergent, it's compounded with ICA* POWER TONIC to stop spark plug fouling, pre-ignition and knock. You'll find that Ashland Ethyl is detergent . . . plus!

REGULAR USERS

If your car can use regular, buy only Ashland Flying Octanes—it is the regular that's different, it's detergent! It restores pep, power and performance tankful after tankful.

BOTH drive out engine dirt!

ASHLAND DETERGENT FLYING OCTANES

Proved power gain measured on the Dynamometer, the nationally accepted scientific measurement for engine power. Thanks to detergent Flying Octanes, harmful engine dirt is driven out while you drive. Result: increased power, smoother performance, a better engine.

NON-DETERGENT REGULAR

Here's proved power loss measured on the same Dynamometer when harmful engine dirt from non-detergent gasoline builds up as you drive, robs you of engine power mile by mile. This actual power loss was measured with the engine developing maximum power, operating at a constant speed.

* Ashland Brand of Ignition Control Additive

Why accept less than an Ashland Detergent Gasoline!
